

Performance		Electrical Specifications	
Transfer Packet Size for Ethernet 10Base-T	14 880 pps (packet per second)	System Power	2 Power inputs with redundancy and polarity reverse protection
Transfer Packet Size for Fast Ethernet	148 800 pps (packet per second)	Voltage	DC 24V (12-48V)
Transfer Packet Size for Gigabit Ethernet <u>Obs.: Packet size from 64-1518 Bytes</u>	1488 100 pps (packet per second)	Power Consumption	Max 8 Watts @ 48VDC
Ports	8 with Full/Half duplex, Auto MDI, MDI X, Auto-Negotiation Function	Current	0.2A @12VDC
Physical Specifications		Observations	
Depth	108.0 mm	Use in hazardous areas	Yes: IP31
Width	55.0 mm	Network Connection	Gigabit Ethernet
Height	120.0 mm	Oper. Temp.	-10-70°C
Weight	525 g (without package) 775 g (with package)	QoS	Default Enabled
***	***	Price	R\$ 1 200.00
